

- ULTRAMIX FNC special security mixing valve

Special model for safety shower or emergency eye-washer.

The mixing valve incorporates a safety device and allows drawing even in the case of a hot water cut.

The removable thermostatic mechanism is fitted with NF-certified non-return valves and protection filters.

Its setpoint temperature is not sensitive to flow rate variations in the installation, whether at minimum or maximum.

flow rate (L/min)	diameter		number of points of use*	standard graduation 10°/50°	code ref.	weight
mini 3 - maxi 56	M 3/4"	20x27	de 1 to 7	special security	TX91FNC	2,3 kg
mini 3 - maxi 80	M 3/4"	20x27	de 1 to 10	special security	TX92FNC	2,3 kg
mini 3 - maxi 120	M 1"	26x34	de 1 to 15	special security	TX93FNC	3,5 kg
mini 5 - maxi 175	M 1"1/4	33x42	de 1 to 21	special security	TX94FNC	5,0 kg
mini 5 - maxi 260	M 1"1/2	40x49	de 1 to 32	special security	TX95FNC	8,6 kg
mini 6 - maxi 400	M 2"	50x60	de 1 to 50	special security	TX96FNC	11,1 kg

* For information only. Take the coefficient of combined flow into consideration.
